We have prepared this suggested list of vegetarian menu options based on the most current ingredient information from our food suppliers. The recipes for the following menu options do not contain beef, pork, poultry, fish or shellfish, but may contain eggs, dairy or honey. Please be aware that many of our other recipes contain poultry, meat, or fish products or products made from these ingredients, and normal kitchen operations involve the sharing of cooking and preparation areas. Therefore, the possibility exists for food items to come in contact with other food products.

Due to these circumstances, we are unable to guarantee that any menu item can be completely free of poultry, meat or fish products.
